Childminding Policy For Sick Children & Permission To Administer Medication

- As qualified professional Childminder I am unable to have sick children in my care, due to the risk of the spread of infection to other minded children, myself and my family.
- I will also be unable to provide adequate care and attention to your sick child and continue to maintain a standard of care for the other minded children.
- A minded child who is sick needs to stay with their parents/carers until they have fully recovered.
- If a minded child becomes ill during the day, I will telephone the parents/carers and ask them to collect their child and take them home or to the Doctors.
- If the child has had an infectious illness the parent/carer should give the childminder a Doctor's letter indicating that the infection is now clear, when the child is returned to my care.
- **I will administer medication prescribed by doctor only!(with prior written permission from parents)**
- Each time the medication is administered this will be recorded on the appropriate log sheet and I will be required to sign it when collecting my child.

I will notify OFSTED of any infectious diseases that a qualified medical person considers notifiable.
